

CS 440 Meeting Minutes

Group 26 Date: 9/11 and 9/16/22 Time: 2pm (9/11) 7pm (9/16) _____ Duration:
51 minutes 70 minutes

Present, on time: Kenan Alghythee, Harry Tan, Robert Malone, Youngsang Aum

Present, not on time: none

Absent: none

Synopsis: Meeting 1 – 9/11/2022 – The group met together to discuss finally starting the first sprint of the first release. We went through the initial Jira setup and finalized the first release document. Kenan helped us all install and configure Android Studio so we could begin coding our app for a mobile setting.

9/16/2022 – The group met together to review the week's work on the coding project and to finalize our decision for our development project, we were behind on choosing that to begin our writeup. Kenan helped set up the collaborative editing template for our writeup. We began brainstorming ideas and expanding on the idea we chose, which came from Youngsang.

Recent Individual Accomplishments:

Youngsang – came up with idea for development project

Robert – added some basic GUI components for the coding project

Kenan – added starter code and code templates to coding project

Current Individual Activities:

Youngsang, Kenan, Harry – continue working on Sprint 1 and 2 coding milestones

everyone – continue brainstorming ideas for development project

Individual Action Items:

Kenan, Youngsang – implement Google Maps API for coding project

Robert, Harry – implement functioning GUI for coding project
