CS 440 Meeting Minutes

Group__26_____   Date: ___9/24/22, 9/25/22__ Time: ___2:00, 5:00____ Duration: ___90 min, 100min__

Present, on time: Harry Tan, Youngsang Aum, Kenan Alghythee, Robert Malone

Present, not on time: None

Absent: None

Synopsis:

Meeting 1:

Overview on process on development project, made progress on sections in development project that group was confused on. Spent majority of meeting on getting progress for development project. Last 10 minutes were spent evaluating progress on coding project, any issues with environment, and assigning loose tasks on both development and coding projects.

Meeting 2:

Group met together to finalize the development project presentation. Entire group worked together for the full meeting to ensure no important information was missing. End of meeting we reiterated the coding tasks for the following week.

Recent Individual Accomplishments:
